ABOUT US

“Belief for Better Life” —Yuhan-Kimberly

Yuhan-Kimberly strives to become a company valuable to customers by providing high quality products, services, and environments under our mission of “The world’s leading innovator in essentials” and the belief for better life.

CORE VALUES

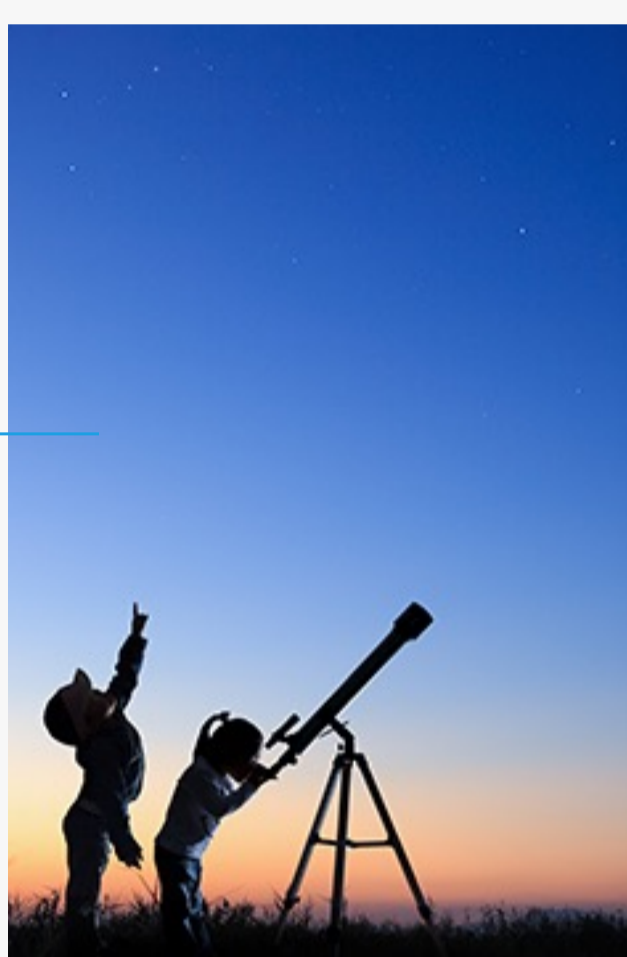

Trust & Consideration

We respect and embrace diversity, and consider others with open mind to achieve customer satisfaction.

Challenges & Creativity

We set aggressive goals with passions for success, and continue to pursue them in creative manners.

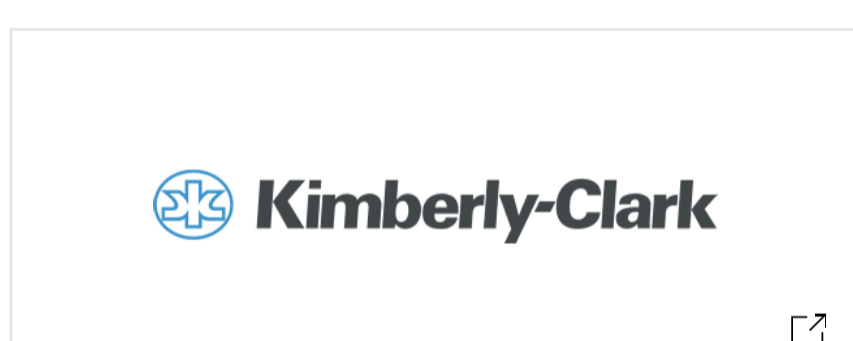

Responsibilities & Contributions

We are committed to corporate social responsibilities, including ethical management, fair trade, honest tax payment, respect for life, environmental management, and family-friendly management.

Yuhan-Kimberly was founded based on [the Yuhan’s vision](#) for social contributions and foresight for advanced business practices and [the outstanding technology of Kimberly-Clark](#) that owns a global brand with the world’s best health and hygiene products.

Since 1926

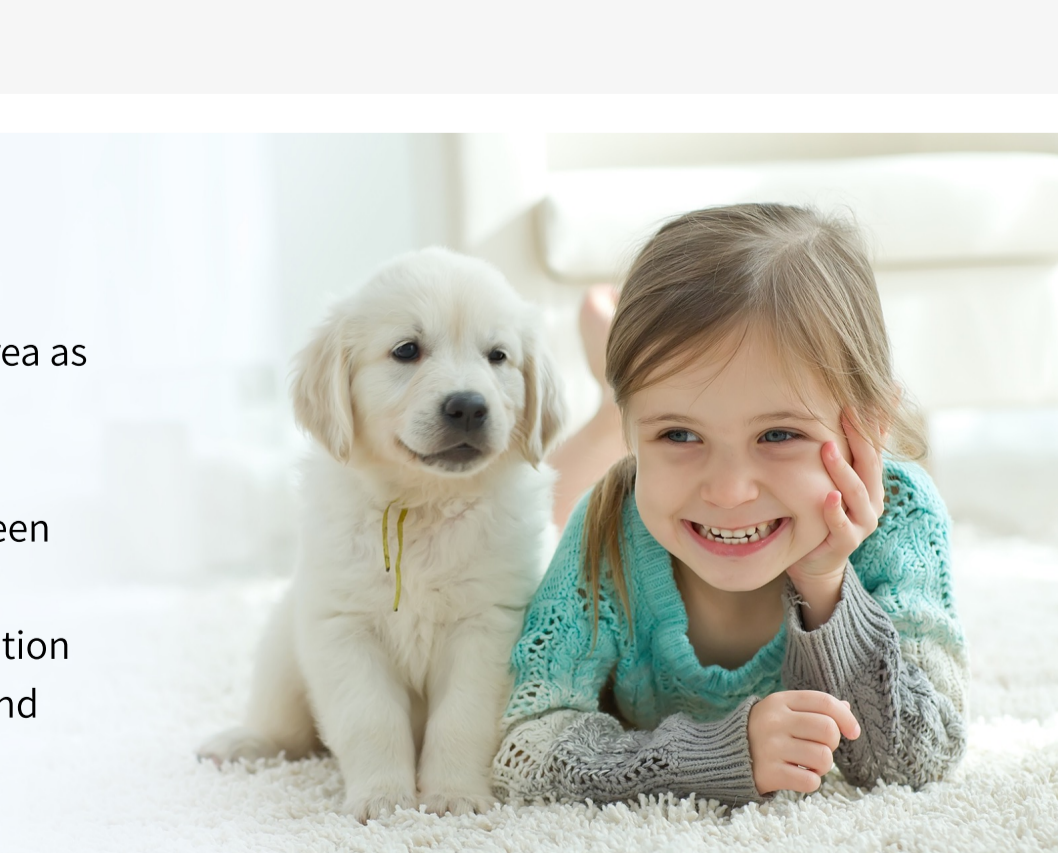

Since 1872

In the year of 1970, Yuhan-Kimberly was founded in Korea as a joint venture of Kimberly-Clark and Yuhan Corporation. Since then, Yuhan-Kimberly has been widening and deepen its contributions to Korean consumers’ hygiene culture and lives from introducing the premium tissues, diapers and sanitary pads for the very first time in Korea, and to the leading the Korean household hygiene market for last 50 years with its world-class innovations and services. Yuhan-Kimberly takes No. 1 position in its market share of major businesses such as baby&child care, feminine care, household care and B2B businesses.

On top of it, Yuhan-Kimberly has been the exemplary model of the “smart-work” corporate culture that leverages the both employee’s satisfaction and the work efficiencies by actualizing the true work-life harmony.

Yuhan-Kimberly is attracting huge attention through its sustainable management and social contributions in Korea as well (especially ‘Keep Korea Green Campaign’ has been recognized as the legendary national CSR campaign with 89.3% of consumer positiveness). Yuhan-Kimberly has been ‘the most admired company’ in Korea for the past 17 consecutive years and it shows the depth of the appreciation of Korean consumers and communities on its business and CSR contributions for last 50 years.

MAJOR RECOGNITION

- 01 Korea’s Most Admired Company for 17 consecutive years (KMAC, 2020)
- 02 The Management Grand Awards – Social Value (KMAC, 2019)
- 03 Ranked at the top in KSI (Korean Sustainability Index) (KSA, 2020)
- 04 Excellent in Labor-Management Culture (MOEL, 2019)
- 05 Excellent in Mutual Growth Index for 5 consecutive years (KCCP)
- 06 Ranked at the top in Korea Brand Power in each categories

KKG

Corporate Social Responsibility | Keep Korea Green

It is a forestry campaign that started in 1984 and lasted for 36 years to make healthy forests through tree planting and nurturing in national and public forests, and to offer a new concept of cohabitation of forests and humans in Korea. Major projects include tree-planting, local forest model development, forest-nurturing, urban forests, school forests, North Korean forest restoration, and Mongolian forest restoration for anti-desertification, beautiful forest preservation, along with green camps for adolescents, senior forest schools, and support for nature-loving literature.

Keep Korea Green

Since 1984

It is a long-lasting forestry campaign to create healthy forests through tree planting and nurturing in national and public forests, and to offer a new concept of cohabitation of forests and humans in Korea.

Bring forests closer to people

We are building urban forests to create a zero-fine dust city so you can enjoy clean air every morning, and forest schools so students can study in a better environment.

Meet forests for happy life

We offer diverse programs to promote happy life with forests, such as newly-weds tree-planting, green camps for empowering future women environmental leaders, and senior forest schools for preparing seniors for the next stage of their lives.

Dreaming for clean and green Earth

Yuhan-Kimberly is committed to forest restoration programs to leave healthy and clean environment for future generations.

CSR

Sustainability Report

For the last 50 years, Yuhan-Kimberly has been dedicated to build a better future in economic, social, and environmental aspects of our lives, and challenged ourselves for constant innovations to provide better values. And now we are facing a new challenge presented by the COVID-19 pandemic. In the face of the change, Yuhan-Kimberly will open up a new future, moving toward the next 50 years. We will listen to customers to make better products and engage in sustainable management to grow together with the community.

BRAND STORY

BRAND STORY

The basic strength of skin nurtured by nature, Green Finger

“

THE BASIC STRENGTH OF SKIN
NURTURED BY NATURE,

GREEN FINGER

From the moment of their first breath,
The child will grow with every bit of
strength From the hot
sun to the cold wind, and fine dust With
the touch of the mother who will do
everything to protect the child's skin
against any environment that threatens it,
Green Finger passes the healthiness it has
found in nature onto the child's skin.

To pass the unlimited vitality that nature
has onto the
baby through the mother's hands
We will share every moment of the child's
life from birth.

Green finger

Brand story

BABY SKINCARE

Derma Protective Complex™ Story #1

Power to Strengthen Skin Barriers

Panthenol # Ceramide # Evening Primrose Oil

The complex of **Panthenol + Evening Primrose Oil + Ceramide** Strengthens weak skin condition by strengthening skin barriers

Weak skin barrier that makes skin moisture evaporate easily

Strong skin barrier that keeps skin moisture continuously

01

Panthenol

Changes into pantothenic acid in the human body and improves the epidermal barrier function by making keratinocytes healthy.

02

Ceramide

Found in the highest amount in the intercellular lipid membranes of actual skin.

03

Evening Primrose Oil

Component of skin's lipid membrane. Promotes the absorption of other active ingredients following absorption into the lipid membrane.

3-comprehensive care complex strengthening skin barrier

by effectively absorbing highly effective ingredients for keratinocytes and lipid membranes

It is a premium naturalistic skin care that protects children aged 4 to 10 from Outside irritation and relieves the stress that comes from delicate

Care me

with kids product Mom!
I am not a baby anymore!

GREENFINER Mykids

found the answer for kids skin care from Moringa

Why Moringa?

In many tropical and subtropical regions such as India and Africa, Moringa was called the "Purifying Tree" because of the excellent refinement of the flour made from seeds that landed on the ground among the Egyptians living in ancient Nile valleys. It has been used for a variety of purposes such as extracts from Moringa stem, oils from seeds, and incense from flowers, which are considered to be a valuable crop that purifies and protects the skin from the devastation of the desert climate
